

Ysgol Ty Coch

FAMILY CENTRE SERVICES

Introduction

In the interests of supporting families, our colleagues in the public sector and our colleagues in Local Authority maintained schools, Ysgol Ty Coch is in the process of developing a comprehensive portfolio of training opportunities for local professionals and an inclusive suite of services for parents and families.

Through discussions with the Local Authority and colleagues in LA maintained schools and regular coffee mornings for our parents, we have identified a need for the sharing of our expertise in the following areas:

- Health and Wellbeing;
- Autism Spectrum Disorder;
- Profound Multiple Learning Difficulties;
- The Additional Learning Needs Transformation Programme.

Additional Learning Needs Transformation Programme

“We want to transform expectations, experiences and outcomes for children and young people with additional learning needs.

To do so, we have developed the ALN Transformation Programme, which will transform the separate systems for special educational needs (SEN) in schools and learning difficulties and/or disabilities (LDD) in further education, to create a unified system for supporting learners from 0 to 25 with ALN.” (Welsh Government, 2018).

We would like to acknowledge the organisations below for their support which has enabled us to develop such a comprehensive suite of support.
