## CLA EDUCATION

---

Information for  
Parents and Carers

## Our Aims

We aim to improve the life chances of Children Looked After (CLA) by promoting their education and wellbeing. Our purpose is to enhance and strengthen existing mainstream services and to improve the outcomes for this vulnerable group.

## Who are we?

The CLA Education Team are made up of a CLA Advisory Teacher, CLA Education Coordinator, 2 Specialist Educational Psychologists for CLA, CLA Education Officer and Administrative Assistant. The team is managed by the Head of Educational Psychology with the Deputy Educational Psychologist line managing the team.

## What we do?

We support CLA in a range of ways, including:

- Providing consultation, advice and guidance to school staff, social care professionals and parents/carers;
- Deliver direct and indirect interventions and programmes;
- Provide training to school staff;
- Support schools working towards becoming 'CLA Friendly Schools';
- Provide support and guidance to Foster Carers;
- Carry out assessments of needs;
- Support the transition of CLA from school to school/college;
- Liaise with other professionals and Local Authorities.

## Requesting our Involvement

If you think we could help then please speak to your child's school, or social worker who will be able to discuss requesting our involvement .

All requests for involvement for the team are discussed at our team meetings to ensure the most appropriate way forward.
