

Turn Taking

During playtime I like to play with my favourite toys.

Sometimes someone else likes the same toys I do.

When someone wants the same toys I want, they might try and take it away from me.

This might make me upset or angry.

It is fine to feel like this but I must walk away and tell the teacher.

The teacher will be able to help us take turns.

My teacher and my friends will be happy when I take turns.

I can feel happy that I am doing a good job at taking
turns.
